The Lancaster School

Policy for Race Equality

December 2017

The School's Aims, Values and Commitment to Race Equality

This Race Equality Policy enables The Lancaster School to meet its general duty, laid down in the Race Relations (Amendment) Act 2000. We aim to pay due regard to:

- Eliminating unlawful discrimination;
- Promoting equal opportunities;
- Promoting good relations between people of different racial groups.

We recognise that it is no longer sufficient for our school to prevent racial discrimination but that we must now actively promote equality.

Through the delivery of the National Curriculum and the opportunities Citizenship presents our school will aim to 'prepare all pupils for life in a world where they will meet, live and work with people of different cultures, religions, languages and ethnic backgrounds'.

We will deliver our aims by:

- Ensuring everyone in our school is treated with respect and dignity;
- Creating a school ethos which values diversity, promotes equality and removes barriers to learning;
- Encouraging everyone in the school community to fully participate in the school's programme of events;
- Having high expectations of all pupils, regardless of ethnic origin, religion, culture and life style;
- Identifying and removing all practices, procedures and customs which are discriminatory and ensure that racial equality is included in all our development planning and through all our policies;
- Monitoring and reviewing all practices and procedures to help us to identify where there are inequalities between different ethnic groups.

The Lancaster School recognises:

- that minority ethnic groups include gypsy travellers, refugees, asylum seekers and less visibly minority groups, e.g. Irish;
- that immigrants and their descendants have made an important contribution to Britain;
- the inclusive nature of the EYFS and Primary Curriculum and the opportunities Citizenship presents for encouraging 'respect for diversity';
- a racist incident as 'any incident which is perceived to be racist by the victim or any other person' and will follow the procedures outlined in the Lincolnshire Reporting Racist Incidents Handbook 2005.

Consultation and Review

This policy is available to all present members of the school community, including parents and pupils.

All new parents and pupils will be made aware of this policy and the school's commitment to race equality through the School Website.

Requests for translation and/or interpretation of this policy will be met.

The Governing Body of our school will ensure that the impact of the policy is regularly reviewed through the school's arrangement for policy review and self-evaluation.

The Lancaster School has agreed to use the Moderated School Self Review as a means of auditing race equality within our school and the results will be used to:

- make the policy known to all school staff, pupils and parents;
- monitor pupils' performance by ethnicity.

The implementation of the final policy will be seen through:

- the school handbook
- newsletters/letters to parents
- school events
- displays around the school
- conduct of staff, pupils and parents

Impact Assessment

Under the specific duties laid down in the Race Relations Amendment Act 2000, the school will assess the impact of all policies, including the Race Equality Policy, on pupils, staff and parents from different racial groups. In particular, the school will assess whether the policies have, or could have, an adverse impact on the attainment levels of pupils from different racial groups.

The school will also monitor the following areas by ethnic group:

- pupils' attainment and progress;
- exclusion;
- racism, racial harassment and bullying;
- curriculum, teaching and learning (including language and cultural needs);
- punishment and reward;
- membership of the Governing Body;
- parental involvement;
- attendance for all groups.

School Characteristics

The Lancaster School is situated in the Birchwood area of Lincoln, with a mixture of owner-occupied and local authority housing. The local community has increasing signs of social deprivation, however it is well served with public services and health care. Pupils are drawn from a catchment area which is demographically made up of predominantly white British. There are no traveller pupils in the school at present. The number of ethnic minority pupils in the school has increased over the last 5 years, to 19% of the school population. We

recognise the need to address any issues of inequality and discrimination that may be occurring and promote diversity and global awareness throughout our school, for the benefit of all pupils, staff and members of the local community, including ethnic minorities and all travellers.

Any incidents of racism will be dealt with seriously and this policy will help us to address any causes and issues arising.

The Lancaster School is a school that prides itself in its efforts to make everyone feel welcome and be as inclusive as possible.

Key Areas in Promoting Race Equality

It is our duty to promote race equality in all areas of the school. Within the key areas we have set out our commitment to tackling racial discrimination and promoting equality of opportunity and good race relations. Our school self review will allow us to challenge ourselves on the commitments we have outlined and identify areas of improvement.

Curriculum

- The curriculum, and the resources used, reflect and promote ethnic, cultural and religious diversity.
- Schemes of work identify good role models in achievements, interests and issues relevant to a range of ethnic minorities.
- Information on ethnicity, background and language needs is made available to staff to inform planning and year group discussion.
- Subject leaders provide guidance and examples of good practice for colleagues in ensuring that race equality is considered across the whole curriculum.
- EMAS provides advice and support on catering for language and cultural needs of students, and strategies for raising attainment.
- Our partnership with parents draws on their expertise and enriches the curriculum.

Attainment, Progress and Assessment

- Pupil attainment and progress in individual subjects, and across all stages, will be monitored by ethnicity and by other subdivisions, e.g. gender. Data will be evaluated to identify trends and patterns of achievement and underachievement.
- Information collated from ethnic monitoring will inform school planning and action will be taken to remove any disparities in performance between different groups of pupils.
- All forms of achievement will be recognised and celebrated by the whole school.
- All forms of assessment will be monitored to ensure that they are, as far as is possible, free of cultural or linguistic bias.

- We will endeavour to formulate a true assessment of all EAL pupils in the school by
 - Using alternative assessment methods, including using first language.
 - Enabling teaching staff to work with members of the EMAS Service to provide targets for pupils with English as an additional language.

Admissions

- Our Admissions Policy recognises the need for flexibility when considering admissions of travellers, as outlined in the information provided by the DfE.
- Our Admissions Policy and criteria do not disadvantage pupils from any particular religious or racial groups and action will be taken to remove any inequalities which are identified.
- Parents are encouraged to provide information on their children's ethnicity, first language and religion and this is included in our admission forms.
- The admissions process will be monitored by ethnicity to ensure that it is administered consistently and fairly.
- Confidentiality will be respected in accordance with provisions made in the Data Protection Act.

Attendance

- We expect good attendance of all pupils and work together with staff, pupils, parents/carers and the Attendance Consultant to ensure that high levels of attendance are maintained.
- We monitor attendance and take action to reduce any identified differences between different groups.
- Administrative staff who follow up absence are knowledgeable and sensitive to relevant community, cultural and religious issues.
- The school respects staff and pupils' rights to take time off for religious observance.
- The school will make provision for pupils on extended leave to cover missed work.
- The school will work with parents/carers on raising awareness of their responsibilities in relation to pupil attendance and absence.

Behaviour, Discipline and Exclusion

- The school will work with EMAS and Behaviour Support to identify and deal with pupil behaviour patterns which are linked to linguistic and cultural, as well as emotional and educational needs.
- Our procedures for managing behaviour and discipline, however, are fair and applied equally, irrespective of ethnicity.
- The school will ensure that all pupils, staff and parents are aware of the criteria used in connection with exclusions and that they are clearly understood. Action will be taken if exclusions are found to be inconsistent and unfair.
- The school will consider each individual situation of exclusion and work with parents/carers and outside agencies, who can provide additional information and advice, in order to design an appropriate reintegration programme for the

pupil concerned. This programme will take into account the child's personal experiences, cultural values and educational needs.

School Ethos

- The school values all its pupils and takes positive action through the curriculum, assemblies, citizenship and other school events to ensure that all minority ethnic pupils, parents and staff perceive themselves to be valued members of the school community.
- All pupils, parents and staff are afforded opportunities to review and comment on policies, procedures and the ethos of the school.
- Through the Access Policy, the school recognises the rights of parents to receive information in a language they understand. Interpreters will be used and material will be translated on request and when the school feels communication may be impaired without this support.
- Parents/carers are welcome and respected in the school and are encouraged to participate as fully as possible.
- Equality and fairness is at the heart of all the work of the school.

Learning and Teaching

- All parents are regularly informed of their child's progress and the school will use the means necessary to communicate this to parents with English as an additional language.
- The allocation of pupils to teaching groups is fair and equitable to pupils from all ethnic groups.
- Teaching methods and styles take account of the needs of pupils from different ethnic groups and encourage positive attitudes to ethnic differences, cultural diversity and racial equality.
- Staff, parents and pupils are supported in understanding the purpose and processes of anti-racist education in the school.
- Staff will assess the impact of race equality education on pupils.
- Where appropriate, resources will be chosen for their strength in reflecting multi-culturalism, providing a global perspective and challenging racism and prejudice.
- Through support from EMAS and the Library Service, the school will seek to provide community language/dual text books in order to facilitate pupils' development of literacy in first language and ultimate achievement.
- The school will aim not to be tokenistic in its recognition of contributions from minority ethnic communities and will ensure that relevant resources are available in all areas of the curriculum.
- The school welcomes the support and advice provided from outside agencies, e.g. on provision for pupils speaking English as an additional language and will build on the skills, knowledge and resources that are provided.

Combating Racism (discrimination and harassment)

- Our school strongly opposes all forms of racism, racial prejudice, racial harassment and racial discrimination.

- The school uses the procedures for dealing with, recording and reporting racial incidents which are outlined in the Dealing and Reporting Racial Incidents Handbook.
- The school will ensure that all staff, pupils, parents and members of the community are aware of our commitment to anti-racism and are familiar with the procedures that will be taken.
- The school will support the LA in any initiatives that are put in place to strive towards eliminating racist incidents.
- The school will celebrate positive actions made by pupils/groups of pupils in their support in combating racism.
- The school strives to eliminate racial discrimination and promote racial equality and good race relations across all areas of school activity.

Staff Recruitment, Training and Professional Development

- All new staff and governors will receive an input on race equality in our school during their induction and will be made aware of the commitment through this policy.
- The school will ensure that race equality and its implementation will be available on the staff training plan.
- The school has procedures to ensure that applicants for jobs, promotions or professional development opportunities are not discriminated against on racial grounds.
- The recruitment and selection process is monitored and reviewed to ensure that discrimination is not taking place.
- Applications for posts, training and promotion opportunities will be monitored by ethnicity and that information will be supplied to the LA.

Breaches of the Policy

- Breaches of the policy will be dealt with using the normal complaint procedures appropriate for the type of breach.
- For most types of breach of policy, in the first instance the Headteacher will intervene to ensure compliance.
- The first approach would usually be to bring about resolution, reconciliation and address the issue concerned rather than further conflict.
- Staff breaches of policy will be dealt with by normal school disciplinary procedures.
- The Governors' Disciplinary Panel can hear breaches of policy regarding pupil pastoral care and discipline issues
- The school will call on the expertise of the LA for support in dealing with breaches of the policy.

This policy will be reviewed bi-annually and has been approved by Governors
